

OIR: 2223/383

4 October 2022

**Request for Information under the Local Government and Official Information and Meetings Act 1987 (the Act)**

Thank you for your email of 23 September 2022 requesting the following information:

- 1. I am after a complete list of all CCTV cameras in Kapiti please, their location and if they are working, manned etc.***

The Council maintains a network of 124 CCTV cameras which are used primarily for the protection of council buildings and facilities against vandalism along with the health and safety of council staff, for example, access doors to council buildings. These cameras are not monitored and saved footage is only accessed following a formal request through the Organisational Development Manager and approved by either a Group Manager or the Chief Executive.

The Council does not hold any information on CCTV cameras owned by other agencies or private individuals across the district. New Zealand Police may be able to help you with information regarding other CCTV cameras in the Kāpiti district.

Yours sincerely

**Mark de Haast**  
Group Manager Corporate Services
